

23% of people would visit a bar more if it had plasma screens.

27% would stay longer.

79% are aware what's on screen.

33% - that's the average sales rise for products promoted on screen

Figures - The Publican Feb 05

THE NEW VIDIMIXER.

TURN YOUR SCREEN INTO A CASH MACHINE.

The stunning new Vidimixer couldn't be easier to use. It's touch screen, so you just tap the screen and whatever you want to happen happens.

You can create playlists. Add artists. Show your own promo ads. Schedule your own flash ads. And all the time your customers are lapping it up. It's fully upgradeable too, with SMS messaging, karaoke, games and multi zone playback.

When you install an entertainment system, they come more often, stay longer and spend more. You give them a better environment – and they give you a better return.

The other WOW FACTOR is the price. It's unbelievably competitive. You can't buy anything like this for the money. Then again, there simply is nothing like this.

The low cost, robust entertainment system that gives you total control

1,000 music videos pre-installed +28 new biggies every month

Real revenue from customising flash animation + promo ad templates
